**SUBJECT:** Indian Community Development Block Grant (ICDBG) Notice of Funding Opportunity (NOFO)

Dear Tribal Leader:

I am pleased to announce that on August 19, 2021, HUD published the [Notice of Funding Opportunity](#) for the Indian Community Development Block Grant Program. The NOFO announced the availability of approximately \$76.5 million for competitive grants to Indian tribes. Funding appropriated for this NOFO covers one fiscal year (FY21), whereas the previous NOFO covered two fiscal years (FY19/20).

Applicants have until 11:59:59 p.m. Eastern Daylight Time on October 25, 2021, to submit applications via [www.grants.gov](http://www.grants.gov). Applicants unable to electronically submit an application may request a waiver in accordance with Section IV.A. of the NOFO. For further information about this funding opportunity, please visit Grants.gov ([www.grants.gov](http://www.grants.gov)) and Codetalk ([www.hud.gov/codetalk](http://www.hud.gov/codetalk)).

HUD will provide information on training opportunities on the NOFO in the near future. All interested applicants are encouraged to participate in these trainings before applying for an ICDBG grant. Interested applicants should also check Codetalk regularly for updates to information about the program and training materials.

This is an exciting opportunity to fund community development projects in your communities. I strongly encourage you to apply for funding, and to take advantage of the training sessions. If you have questions about the NOFO, please contact [ONAP-ICDBG@hud.gov](mailto:ONAP-ICDBG@hud.gov) or your ONAP Area Office.

Thank you for your interest in the ICDBG Program and for your continued partnership and collaboration in serving Indian Country.

Sincerely,

A handwritten signature in blue ink that reads "Heidi J. Frechette".
