Sec. 60201. Tribal Connectivity Technical Amendments

- **Relevant Agency:** Department of Commerce
- **Brief Summary:** This section makes amendments to the Tribal Broadband Connectivity Grant Program (established in Section 905 of division N of the Consolidated Appropriations Act, 2021 (Public Law 116–260)) administered by NTIA within the Department of Commerce. Amendments include: removal of the “COVID-19 emergency period” language included in the previous bill; an extension of grant deadlines related to committing and expending funds awarded to eligible entities; expands projects eligible for extension waivers to digital inclusion, equity, and literacy projects; newly appropriated funds to fully fund any grants for which the Assistant Secretary received an application and which the Assistant Secretary did not fully fund during the initial round of funding; and shall allocate any remaining funds through subsequent funding rounds.
- **Deadline for implementation:** The Department of Commerce shall inform eligible entities that additional funding has been made available for grants under this subsection. Eligible entities will have 180-days beginning on the date on which the Department of Commerce issues notice of funding to apply.
- **Deadline to expend funds:** Program grant awardees will now have 18 months to commit grant funding and 4 years to expend funds awarded under this program.

Broadband Connectivity Fund - Appropriations
• **Relevant Agency:** Department of Commerce
• **Brief Summary:** This section appropriates $2 billion for an additional amount for “Broadband Connectivity Fund”, to remain available until expended, for grants for the Tribal Broadband Connectivity Program as amended by section 60201 of division F this Act

**Sec. 60304. State Digital Equity Capacity Grant Program**

• **Relevant Agency:** Department of Commerce
• **Brief Summary:** This section establishes a grant program to promote the achievement of digital equity, support digital inclusion activities, and build capacity for efforts by States relating to adoption of broadband. To be awarded a grant, a State Digital Equity Plan must identify barriers to digital equity, measurable objectives, an assessment of how the objectives will impact economic outcomes, education and health outcomes, and delivery of services. State Capacity Grants are authorized at $240 million for FY 2022 and $300 million for each of fiscal years 2023 through 2026. Planning grants are authorized at $60 million.
• **Tribal Set-Aside:** not less than 5 percent from amounts made available to the State Digital Equity Capacity Grant Program shall be used to award grants to, or enter into contracts or cooperative agreements with, Indian Tribes, Alaska Native entities, and Native Hawaiian organizations to allow those Tribes, entities, and organizations.
• **Tribal Eligibility:** A State that wishes to be awarded a grant will select an administering entity, which will serve as the recipient, administering agent, and develop and implement the State Digital Equity Plan for the State, and make subgrants to entities. Among the entities eligible to be the administering agent are Indian Tribes (25 U.S.C. 5304), Alaska Native entities, and Native Hawaiian entities.
• **Deadline to expend funds:** Grantees shall expend the grant amounts during the 5-year period beginning on the date on which the entity is awarded the grant amounts

**Sec. 60305. Digital Equity Competitive Grant Program**

• **Relevant Agency:** Department of Commerce
• **Brief Summary:** This section provides $250,000,000 for each of the first 5 fiscal years ($1.25 billion) in which funds are made available to establish and award grants to support efforts to achieve digital equity, promote digital inclusion activities, and spur greater adoption of broadband among covered populations. The Federal share of any grant awarded under the Program may not exceed 90 percent.
• **Tribal Eligibility:** 5 percent of these funds ($62.5 million) will be used to award grants to, or enter into contracts or cooperative agreements with, Indian Tribes, Alaska Native entities, and Native Hawaiian organizations to allow those tribes, entities, and organizations to carry out the activities described in this section
• **Deadline to expend funds:** Grantees shall expend the grant amounts during the 4-year period beginning on the date on which the entity is awarded the grant amounts

**Sec. 60401. Enabling Middle Mile Broadband Infrastructure**
- **Relevant Agency:** Department of Commerce, Federal Communications Commission
- **Brief Summary:** Provides $1 billion in funding over 5 years to establish a program that awards grants on a technology-neutral, competitive basis to eligible entities for the construction, improvement, or acquisition of middle mile infrastructure.
- **Special Requirements for Tribal Governments:** The Assistant Secretary, in consultation with Tribal governments and Native entities, may waive, or specify alternative requirements if the Assistant Secretary finds that the waiver or alternative requirement is necessary for the effective delivery and administration of middle mile grants to Tribal governments; or the construction, improvement, or acquisition of middle mile infrastructure on trust land. The Assistant Secretary, in consultation with Tribal governments and Native entities, shall develop a process for designating Tribally unserved areas and Tribally underserved areas for purposes of this section.
- **Tribal Eligibility:** Tribal governments and Native entities are eligible recipients for these grants.
  - “Native entity’’ is defined as an Indian Tribe; an Alaska Native Corporation; a Native Hawaiian organization (as defined in section 6207 of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 7517)); the Department of Hawaiian Home Lands; and the Office of Hawaiian Affairs.
- **Deadline for implementation:** the Secretary of Commerce shall issue notices of funding opportunity not later than 180 days after the date of enactment of this Act
- **Deadline to expend funds:** Grantees are required to complete buildout of the middle mile infrastructure within 5 years of receiving funding.

**Sec. 60502. Broadband Affordability**
- **Relevant Agency:** Federal Communications Commission
- **Brief Summary:** This section authorizes an additional funding amount of $14.2 billion for the Emergency Broadband Benefit (EBB) Program (established in Section 904 of division N of the Consolidated Appropriations Act, 2021 (Public 25 Law 116–260)). The section modifies the title of the EBB program to the “Affordable Connectivity Program” and removes previous language related to the “COVID-19 emergency period”, effectively extending the program until the newly authorized funding is expended. This section also reduces the benefit amount from $50 to $30 for non-tribal participants and includes new consumer protections and regulations for participating providers.
- **Tribal Eligibility:** The program offers a $75 benefit for participants living on Tribal Lands
- **Deadline for implementation:** These amendments are effective on the date on which the Commission submits the certification required under paragraph (4) of this section, or December 31, 2021, whichever is earlier.
- **Deadline to expend funds:** Funds will remain available until expended
